media release

Basel, Switzerland, July 17 2018

Changes to the Syngenta Board of Directors

- **Jianxin Ren to retire from the Board**
- **Gaoning “Frank” Ning appointed new Chairman of the Board**

On July 16 2018 Jianxin Ren, Chairman of the Board of Directors of Syngenta AG retired from the Board.

At Extraordinary General Shareholders' Meeting on Monday 16 July 2018, Gaoning “Frank” Ning was elected Chairman of the Board of Directors. Mr Ning was recently appointed Chairman of China National Chemical Corporation Limited (ChemChina). Since December 2015 Mr Ning has also served as Chairman of the Sinochem Group Co. Ltd. Prior to this Mr Ning was Chairman of COFCO Corporation (COFCO) and Vice Chairman and President of China Resources (Holdings) Co. Ltd. Mr Ning is one of China's most influential business leaders; he is Co-chair of APEC Business Advisory Council (ABAC), Chairman of APEC China Business Council and an Executive Director of the International Chamber of Commerce (ICC). Mr Ning has an MBA from the Business School of University of Pittsburgh in the United States and is a certified senior international business engineer.

Jürg Witmer, Lead Independent Director of Syngenta AG said: “I would like to thank Chairman Ren for his outstanding contribution to Syngenta. Chairman Ren will be remembered as the principal architect of the successful acquisition of Syngenta by ChemChina and this has been instrumental in securing the long term future of the company. We are very happy to welcome Mr Ning as a highly experienced senior business leader with deep insights into the dynamics of the Chinese market and with extensive experience in the management of very successful agriculture and chemical companies.”

About Syngenta

Syngenta is a leading agriculture company helping to improve global food security by enabling millions of farmers to make better use of available resources. Through world class science and innovative crop solutions, our 28,000 people in over 90 countries are working to transform how crops are grown. We are committed to rescuing land from degradation, enhancing biodiversity and revitalizing rural communities.

Cautionary Statement Regarding Forward-Looking Statements

Some of the statements contained in this press release are forward-looking statements. These statements are based on current expectations, assumptions, estimates and projections, and involve known and unknown risks, uncertainties and other factors that may cause results, levels of activity, performance or achievements to be materially different from any forward-looking statements. These statements are generally identified by words or phrases such as "believe", "anticipate", "expect", "intend", "plan", "will", "may", "should", "estimate", "predict", "potential", "continue" or the negative of such terms or other similar expressions. If underlying assumptions prove inaccurate or unknown risks or uncertainties materialize, actual results and the timing of events may differ materially from the results and/or timing discussed in the forward-looking statements, and you should not place undue reliance on these statements. Syngenta disclaims any intent or obligation to update any forward-looking statements as a result of developments occurring after the period covered by this press release or otherwise.
